

SUMMARY

URGENT PROBLEMS OF ECONOMY

Teplov V.I., Ph.D. in Economics, Professor, Rector, Belgorod University of Consumer Cooperatives

Tarasova E.E., Ph.D. in Economics, Professor, Vice-Rector for Research, Belgorod University of Consumer Cooperatives

Use of Outsourcing Concept for Ensuring Competitiveness of Organizations Engaged in Entrepreneurial Activities. P. 3–7.

The paper studies the essence of the new concept of a company management – outsourcing. It determines the main stages of outsourcing formation, its forms and types and shows the role of outsourcing concept in the systems of concepts of a company management.

Ivanov S.D., Ph.D. in Science, Professor, Moscow State Open University

Knyazev V.A., Post-Graduate Student, Moscow State Open University

Development of Small Companies as a Strategic Direction of Market Reforms. P. 8–12.

The paper dwells on the questions of small companies development as the most important factor of market economy formation. It provides main economic characteristics of small business development by sector, including wholesale trade in industrial goods.

Fomina V.P., Ph.D. in Economics, Professor, Moscow State Open University

Bolotnikov S.V., Post-Graduate Student, Moscow State Open University

Methodological Aspects of Efficiency Assessment of a Regional Spa Organization Activity. P. 13–17.

The paper dwells on the major problems in the development of spa sector in the Russian Federation. On the basis of study complex methodology of a regional spa organization activity assessment is suggested.

Matveyeva O.P., Ph.D. in Economics, Head of the Chair of Customs Studies, Belgorod University of Consumer Cooperatives;

Influence of the Population Living Standard on the Consumer Commodity Market Development. P. 18–23.

The paper examines the influence of the real cash income growth on the development and structure of consumer commodities

Pavlov K.V., Ph.D. in Economics, Professor, Head of the Chair of World Economy, Belgorod State University

Problems of Production Intensification in Market Relations. P. 24–33.

The paper determines the peculiarities of the intensification process strengthening of production in market conditions and dwells on the methodological foundations of determining economic efficiency and its different directions.

Pavlov K.V., Ph.D. in Economics, Professor, Head of the Chair of World Economy, Belgorod State University

Ilyin S.Y., Ph.D. in Economics, Assistant Professor, Izhevsk State Agricultural Academy

Analysis of Conditions and Flow of Fixed Production Assets in Agricultural Production of Udmurt Republic. P. 34–39.

The article dwells upon the system of indices of condition and flow of fixed production assets and on the given basis analyses conditions and flow; it also suggests measures on the renewal of fixed production assets in the agricultural production of Udmurt Republic.

Lyalin V.E., Ph.D. in Science, Professor, Head of the Chair of “Intellectual Information Technologies in the Economy”, Izhevsk State Technological University

Mathematical Models of the Indices Optimization of Business Activity of a Manufacturing Company. P. 40–53.

As a result of a complex study of the manufacturing company they have created information system of production at PJSC “Izhevsky ball-bearing plant”. Information system makes it possible to regularize all resource flows in the company, systemize internal and external information, promptly react on the changes in the stored data, optimize the process of production program planning.

Lyalin V.E., Ph. D. in Science, Professor, Head of the Chair “Intellectual Information Technologies in Economy”, Izhevsk State Technological University

Lebedeva T.I., Ph.D. in Economics, Assistant Professor, Kursk State Technological University

Mathematical Modeling of the Optimal Management of the Company Long-Term Development. P. 54–67.

The paper suggests the model for the management of the manufacturing company long-term development with large-scale production acting in the competitive market.

Galkin L.G., Ph.D. in Economics, Professor, Head of the Chair of Economic Theory, Belgorod State Technological University named after V.G. Shukhov

Zalaeva S.Sh., Ph.D. in Economics, Assistant Professor, Chair of Life Activity Safety, Belgorod State Technological University named after V.G. Shukhov

Yurina N.M., Ph.D. in Science, Assistant Professor, Belgorod State Technological University named after V.G. Shukhov

Vlasenko (Savvateyeva) O.I., Ph.D. in Economics, Belgorod State Agricultural Academy

Dorozhkin N.A., Ph.D. in Sociology, Assistant Professors, Deputy Director, St. Petersburg Engineers and Economics University Affiliation

Mobilization and Development of Food Industry in the System Life Activity Safety. P. 68–77.

The paper dwells on some theoretical and practical questions of ensuring safety of life activity on the basis of mobilization of joint efforts in the progressive development of food organizations.

Vistorobskaya E.N., Ph.D. in Economy, Head of the Department of Management, Belgorod University of Consumer Cooperatives

Marketing Management as Philosophy and Means of Russian Organizations Activity Intensification. P. 78–87.

The paper dwells on different interpretations of the notions “marketing”, “marketing management” and the differences between “management of marketing” and “marketing management”, which were singled out on the basis of the analysis of the corresponding concepts.

Chizhova L.P., Ph.D. in Economics, Professor, Head of the Chair of Statistics, Belgorod University of Consumer Cooperatives

Trends in the Formation of the Population Living Standards in Postindustrial Economy. P. 88–95.

The paper dwells on the major trends in the formation of the population living standards, reveals the connection between economy, standards of living of the population and ecology.

Zherukova A.B., Ph. D. in Economics, Assistant Professor, Chair of management and Finance, Nalchik Affiliation of Belgorod University of Consumer Cooperatives

Mustafayeva Z.A., Ph.D. in Economics, Assistant Professor, Chair of management and Marketing, Kabardino-Balkarsky State University

Kravchenko A.V., Head of the Enrollment Department, Stavropol Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Classification Indicators of District Division and Groupings of Regions. P. 96–100.

The paper discloses the principles of territorial division and groupings of the Russian Federation regions on the basis of a number of classification indicators: governance level, character of production specialization, level of economic situation, character of geopolitical problems etc.

Podmolodina I.M., Ph.D. in Economics, Head of the Chair of Accounting, Auditing and Finance, Voronezhsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

State Investment Policy as the Instrument of the Favorable Investment Climate Formation. P. 101–106.

The paper clarifies the economic contents of investment policy of business systems at different levels, the investment policy as the most important condition for revitalizing investment processes. It provides analysis of changes in the factors influencing the investment attractiveness of Russia in 2004 in comparison with 2003. It provides the assessment of investment climate in Russia in 2004.

Tyupakova N.N., Ph.D. in Economics, Professor, Chair of Finance and Statistics, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Problems of Social Protection of Citizens in the Taxation System of Russia. P. 107–111.

The author examines the system of social support of citizens in two alternative variants, used in Russia in the period of transition to market economy and at present. Functioning of non-budgetary social funds was examined from two methodological positions: as tax payments and insurance premiums, ensuring guarantees for paying back social risks. Social direction in the sphere of taxation requires the renewal of progressive tax for the incomes of physical persons, while the subsistence level should be made tax-free.

Ilyin Y.A., Ph.D. in Economics, Assistant Professor, Izhevsk State Agricultural Academy

Agashin D.V., Ph.D. in Economics, Director, “Udmurtskaya Bread Company” Ltd.

The paper examines the concepts of development and restructuring of AIC of the Udmurt Republic.

Major Provisions of the Concept of Reforms Deepening in the Agrarian Sector of Economy. P. 112–114.

Ilyin Y.A., Ph.D. in Economics, Assistant Professor, Izhevsk State Agricultural Academy

Agashin D.V., Ph.D. in Economics, Director, “Udmurtskaya Bread Company” Ltd.

Agro-Industrial Complex Restructuring: Regional Aspect. P. 115–119.

The article dwells on the problems and prospects of the agro-industrial complex in the Republic of Udmurtia.

Kharlamov V.I., Ph.D. in Economics, Assistant Professor, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Genesis of the Competitiveness Theories and Their Main Concepts. P. 120–132.

The paper provides the results of the study of the evolution of the theories of competition and competitiveness and discloses their main concepts. The main attention is paid to the modern theories of competitiveness.

Androsova L.N., Dr. Sc. in Physics, Chair of Sciences, Belgorod University of Consumer Cooperatives

Statistical Methods of Determining Investment Risks. P. 133–134.

The paper dwells upon objective and subjective statistical methods of determining investment risks.

Ilyicheva E.V., Ph.D. in Economics, Starooskolsky Technological Institute, Affiliation of Moscow State Institute of Steel and Alloys

Financial Aspects of the Development of Ecological Entrepreneurship. P. 135–143.

In modern circumstances the task of the state is to create conditions for the inflow of investments in the sphere of ecological entrepreneurship. The paper indicates major directions of the state support of ecological entrepreneurship and reveals the sources of financing for the development of ecological entrepreneurship.

Mitrokhina O.N., Ph.D. in Economics, Assistant Professor, Chair of Finance and Credit, TGU named after G.R. Derzhavin

Business Restructuring or Financial Recovery. P. 144–148.

The paper analyses major problems of business, their causes and symptoms and dwells on possible variants of company restructuring, aimed at searching the ways out from the crisis situation.

Mitrokhina O.N., Ph.D. in Economics, Assistant Professor, Chair of Finance and Credit, TGU named after G.R. Derzhavin

Staff Adaptation in New Conditions. P. 149–158.

One of the problems of the work with personnel in the organizations is adaptation management. In the course of interaction between an employee and the organization there takes place their mutual adjustment, the basis of which is the gradual emersion of the employee in new professional, social and economic conditions of labor.

Lyakhova N.I., Ph.D. in Economics, Assistant Professor, Chair of Economics and Management, Starooskolsky Technological Institute (Affiliation) Moscow Institute of Steel and Alloys

Analysis of the Experience of Budget Federalism Development in the USA. P. 159–168.

The paper dwells on the experience of budget federalism development in the USA. Financial support of the budgets is envisaged at different levels of governance: at state, county and town level. The study of foreign practice will make it possible to more efficiently work out inter budgetary relations in Russia.

Conceptual and Notional Basis of Management Activities and Their Evolutionary Development. P. 169–177.

Makrinova E.I., Ph.D. in Economics, Assistant Professor, Chair of Marketing and Management, Belgorod University of Consumer Cooperatives

Naidenov V.N., Chairman of the Board of the Regional Consumer Society “Union of the Oryol Region”

The dwells on the problems connected with the definition of functional contents of management activities, systemizes factors of the development of the management theory in the 20th century. It provides grounds for the integral approach to the formation of management activity functions.

Kochetkov S.V., Ph.D. in Economics, Assistant Professor, Chair of Finance and Credit, Belgorod State University

Kochetkova O.V., Assistant, Chair of Strategic Management, Belgorod State Technological University named after V.G. Shukhov

Management of the Industrial Enterprise Innovation System Formation. P. 178–182.

Management of the industrial enterprise innovation system formation consists of the application of the developed principles and the innovation system model of the enterprise. The implementation of the management process will make it possible to mark out the emergence of such essential property for such organizations as innovation corresponding to the requirements of the postindustrial technological means of production.

Leoshko V.P., Ph.D. in Economics, Assistant Professor, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Uglova I.A., Senior Teacher, Chair of Accounting and Auditing, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Instruments of Inner Company Planning at the Enterprises of Baking Industry. P. 183–192.

The authors propose the instruments of the formation of continuous inner company planning, based on the combination of algorithms in the form of subordination of stage consequence – from planning of strategic development to monitoring order execution.

Yakimchuk S.V., Ph.D. in Economics, Senior Teacher, Chair of Social Technologies, Belgorod State University

Modern Forms of Social Protection of the Population. P. 193–199.

Major forms of the social protection of the population are the following: social guarantees, social insurance, social aid, social support, social compensations, and social provisions. Social protection of the population is carried out through concrete mechanisms. The mechanisms are functioning on the basis of different social technologies and methods of state influence on social processes occurring in the society.

Nikitin A.I., Ph.D. in Science, Professor, Chair of Company Economy and Management (town utilities), Belgorod State University

Kobeleva V.N., Teacher, Chair of Company Economy and Management (town utilities), Belgorod State University

Technological Products Quality as the Basis for Competitiveness Improvement of Building Industry Products. P. 200–204.

The paper dwells on the questions of management and economic assessment of the quality of building industry products, consumers of which are building companies. In order to assess the quality of such products of building industry the authors propose to include in the structure of local quality criteria functional, technological, economic and socially oriented criteria.

Novikova N.I., Assistant Professor, Chair of Economy and Finance, Company GU-VSE

Economic Criteria of Crisis Company Restructuring Strategy Development. P. 205–209.

The analysis of the classified groups, contradictions between them and potential for the company's compromise variants of interests combination can be able to become the most significant means for understanding and formation of the strategy of the company anti-crisis restructuring.

Komyshhev A.L., Ph.D. in Economics, Izhevsk State Agricultural Academy

Zapolskikh Y.A., Ph.D. in Economics, Bashkirsky Agrarian University

Saifutdinova L.R., Science Degree Applicant, Bashkirsky Agrarian University

Major Direction of Production Organization System Development in Dairy Industry. P. 210–214.

The paper reveals major systems of the dairy industry organization and provides brief characteristics of the major directions of its development.

Grishkova N.C., Senior Teacher, Chair of Marketing and Management, Belgorod University of Consumer Cooperatives

Trading Marketing in the Consumer Cooperation Organizations: Problems of Development in Modern Conditions. P. 215–218.

The paper dwells on the problems and peculiarities of trade marketing development in consumer cooperation organizations, its main functions and marketing decisions, made on their basis.

Gumovsky A.V., Post-Graduate Student, Belgorod University of Consumer Cooperatives

System Quality of Resources Access Division As a Factor Influencing Information Status in the Integrated Information Automated Management System. P. 219–222.

The paper dwells on the approaches to create the system of resources access division of the integrated information automated management system and suggests the methodology of qualitative assessment of such systems.

THEORY AND PRACTICE OF COOPERATIVE MOVEMENT

Beletskaya N.M., Ph.D. in Science, Professor, Vice-Rector, Belgorod University of Consumer Cooperatives

Firsova A.A., Ph.D. in Economics, Assistant Professor, Chair of Economics, Belgorod University of Consumer Cooperatives

Pashentseva L.P., Senior Teacher, Chair of Food Products Expertise, Belgorod University of Consumer Cooperatives

Problems of Cooperative Baking Industry Development. P. 223–229.

The paper examines the situation with baking production in the system of consumer cooperation on the basis of study of a number of enterprises of the Belgorod Regional Consumer Union. The authors have defined major problems of the development of the given sector.

Isayenko A.V., Ph.D. in Economics, Professor, Head of the Technological Department, Belgorod University of Consumer Cooperatives

Theoretical and Methodological Grounds of Study of Consumer Cooperation Public Catering Development. P. 230–241.

The paper provides theoretical basis of the essence and peculiarities of consumer cooperation public catering, its importance and methodological basis of the sector development study.

Meshechkina R.P., Ph.D. in Economics, Professor, Head of the Customs Department, Belgorod University of Consumer Cooperatives

Consumer Cooperation Economic Potential and Directions of Its Development. P. 242–246.

The paper provides the definition of economic potential, reveals its role and importance for the economic development of the country and the system of consumer cooperation. It shows the peculiarities of consumer cooperation economic potential formation and major directions of its development.

Tarasova T.F., Ph. D. in Economics, Assistant Professor, Belgorod University of Consumer Cooperatives;

Management of the Activity Results in the Organizations of Consumer Cooperation on the Basis of Organizational Structure Improvement. P. 247–257.

Improvement of the organizational structure of the consumer cooperation system should

be directed at the establishment of clear interconnections between separate subdivisions, distribution among them of rights and responsibilities with the aim of maximizing the results and the most efficient fulfillment of social and economic tasks.

Tarasova T.F., Ph.D. in Economics, Assistant Professor, Chair of Economics, Belgorod University of Consumer Cooperatives

Analysis and Indicative Planning in the System of Costs and Results Management in the Organizations of Consumer Cooperation. P. 258–264.

Analysis is the most important instrument of the management system formation, ensuring the implementation of the function of costs and results planning in the organizations of consumer cooperation. A special importance acquires the problem of the formation of the adequate model of indicative planning, its methodological, information foundations based on deep and objective analysis.

Makrinova E.I., Ph.D. in Economics, Assistant Professor, Chair of Marketing and Management, Belgorod University of Consumer Cooperatives

Personnel Competence of Cooperative Organizations as the Object of Strategic Planning. P. 265–274.

The paper examines methodological problems of the personnel strategic management in consumer organizations and provides grounds for the directions of their solution on the basis of approach based on the model of personnel competence. The author proposes the algorithm for the formation of the competence model of the leader of cooperative organization and worked out an integral competence model.

Mostovshchikov A.G., Ph.D. in Law, Head, Chair of labor, Land and Financial law, Sibirsky University of Consumer Cooperatives

Legal Regulation of the Work of the Russian Federation Consumer Societies Central Union Employees. P. 275–281.

The paper dwells on the present provisions of law regulating labor relations of employees of the Central Union of Consumer Societies of the Russian Federation, including the revised Statute of the Centrosouyz of the Russian Federation.

Ivanov A.V., Ph.D. in History, Assistant Professor, Chair of History of Russia, Blagoveshchensky State Pedagogical University

Study of Consumer Cooperation from the Position of Evolutionary Approach. P. 282–287.

On going changes in consumer cooperation are aimed at ensuring economic growth creating prerequisites not only for the extension of financial and economic activity, but for successful realization of social mission as well, which is especially important for leveling negative consequences of market relations development. It looks reasonable to study the processes of the development of consumer cooperation on the basis of the provisions of institutional and evolution theory in accordance with which the functioning of economic mechanism is considerably influenced by social, political, legal, social and psychological factors.

Directions of the Improvement of Efficiency and Competitiveness of Consumer Cooperation Organizations. P. 288–295.

Ukolova L.V., Ph.D. in Economics, Assistant Professor, Deputy Head of the Correspondence Department, Belgorod University of Consumer Cooperatives

Almanova E.A., Post-Graduate Student, Belgorod University of Consumer Cooperatives

The paper dwells on the interconnection between social and economic factors of consumer cooperation organizations activity efficiency and the influence on ensuring competitive advantage of business system subjects.

Spivak A.A., Ph.D. in Economics, Assistant Professor, Chair of Economic Analysis and Auditing, Belgorod University of Consumer Cooperatives

Risks in the Economy of Consumer Cooperation and Methods of Their Evaluation. P. 296–303.

The paper analyses possible methods of the evaluation of economic risks in the organizations of consumer cooperation. It is noted that the given task can be solved with the use of the complex of expert, statistical, calculation and analytical methods.

Deineka A.V., Ph.D. in Economics, Assistant Professor, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Pershakova T.V., Ph.D. in Science, Assistant Professor, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Abyzova E.V., Senior Teacher, Chair of Accounting and Audit, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Methods and Models of Consumer Cooperation Management Improvement at the Regional Level. P. 304–314.

The paper dwells on the application problems of methodological and instrumental means of operational improvement of organizational structures depending on the changes in the external and internal conditions of regional consumer cooperation functioning.

Pershakova T.V., Ph.D. in Science, Assistant Professor, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Deineka A.V., Ph.D. in Economics, Assistant Professor, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Ishchenko O.V., Senior Teacher, Chair of Accounting and Auditing, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

Page 315. Methodologies and Models of Efficiency Management of Bakery Production Systems of Consumer Cooperation. P. 315–324.

The paper describes the methodology and models worked out by the authors of efficiency management at the bakery production systems of consumer cooperation.

Borisov V.D., Ph.D. in Economics, Deputy General Director of Not-for-Profit Organization “Purposeful Fund of Future Generations of the Republic of Sakha (Yakutia)”

Influence of Consumer Cooperation on Living Standards of Rural Population. P. 325–334.

The paper dwells on the influence of consumer cooperation on the rural population living standards of the Republic of Sakha (Yakutia).

Dyomin S.V., System Programmer, Computer Technologies Center, Belgorod University of Consumer Cooperatives

Information Systems as a Factor of Improving the Grounds and Efficiency of Managerial Decisions in Consumer Cooperation System Educational Institutions. P. 335–337.

The paper examines information aspects of improving the efficiency and quality of higher educational institution management.

Vovk E.A., Post-Graduate Student, Belgorod University of Consumer Cooperatives

Formation of Property Complex Management System in Consumer Cooperation Organizations. P. 338–344.

The paper provides grounds for the necessity of a consumer organization property complex management system development and reveals interconnection of the property complex management process with other sub-systems of financial and economic management.

PHILOSOPHY. CULTURE. SCIENCE

Solovieva L.V., Ph.D. in Economics, Assistant Professor, Chair of Humanities, Social and Economic Studies, Belgorod University of Consumer Cooperatives

Methodological Basis of Social Work. P. 345–350.

The most important condition for improving social work as a public institution in modern conditions is the development of its methodological basis. It allows not only to efficiently carry on scientific study of such a complex subject sphere but to more successfully manage social processes.

Shekovskaya N.L., Ph.D. in Pedagogics, Assistant Professor, Chair of General Pedagogics, Belgorod State University

Assessment by Russian Philosophic and Pedagogical Thinkers of Russo's and Kant's Moral Axiology in the Context of Pedagogical Tradition. P. 351–360.

The author analyses the assessment by Russian philosophers and thinkers of moral axiology of Rousseau and Kant, its role in the upbringing of individuality as a pedagogical tradition.

Lypich V.V., Ph.D. in Philology, Assistant Professor, Chair of Russian and Foreign Literature, Belgorod State University

On the Question of Chronological "Boundaries" of Pushkin's Romanticism. P. 361–367.

The author hopes that the research provisions suggested by him will be useful for further theoretical and practical consideration of different aspects of Pushkin's romantic heritage, which provoke steady research interest and are widely discussed by scientific circles.

Lypich T.I., Ph.D. in Philosophy, Assistant Professor, Chair of Philosophy, Belgorod State University

Philosophical and Esthetic Search of the Lyubomudrs. P. 368–371.

The paper examines separate aspects of the emergence of philosophical and esthetical ideas in the Russia in the 19th century and the role played by Russian Lyubomudrs in the process of practical adaptation of concept provisions of German classical philosophy to social and historical conditions of the then Russian reality.

Yakusheva N.B., Ph.D. in Philosophy, Chair of Humanities and Socio-Economic Studies, Krasnodarsky Cooperative Institute (Affiliation), Belgorod University of Consumer Cooperatives

The Role of Utopia in Social and Historic Process. P. 372–375.

The paper dwells on the role of utopias in social and historical process.

Shchetinin V.I., Ph.D. in Economics, Senior Researcher, Center of Synergetic Studies, Belgorod State University

Beginnings of the Synergy Philosophy Introduction. P. 376–389.

The paper offers fundamental solution of the problem of defining the integral algorithm as both the emergence of separate initial scientific conception and integration of initial scientific conception in the frameworks of the synergy methodology.

NATURAL SCIENCES

Semenenko S.V., Ph.D. in Science, Assistant Professor, Chair of Non-Food Goods Expertise, Belgorod University of Consumer Cooperatives

Bessmertny V.S., Ph.D. in Science, Professor, Chair of Non-Food Goods Expertise, Belgorod University of Consumer Cooperatives

Dyumina P.S., Ph.D. in Science, Assistant Professor, Chair of Non-Food Goods Expertise, Belgorod University of Consumer Cooperatives

Modern Trends in the Formation of Consumer Properties of Ceramic products with the Use of Alternative Sources of Energy. P. 390–393.

The authors have worked out efficient technology of wall ceramics decorating with the use of alternative sources of energy, in particular low temperature plasma. They determined optimal parameters of plasma treatment and wall ceramics quality indices. The received product possesses high quality consumer properties.

Alyabieva T.M., Ph.D. in Economics, Head of the Chair of Natural Sciences, Belgorod University of Consumer Cooperatives

Electronic Structure and Spectral Characteristics of 3H-Pirrolo[2,3-C] Acridin. P. 394–398.

The paper dwells on the electronic structure and spectral characteristics of a new heterocyclic system 3H -pirrolo[2,3-c]acridin. It provides grounds for the reactive ability of this composition from the positions of electronic understanding.

LAW SCIENCE

Krikun V.G., Ph.D. in History, Assistant Professor, Head of the Chair of Theory and History of the State and Law, Belgorod University of Consumer Cooperatives

Religious Organizations in the Conditions of Post-War Taxation Policy. P. 399–404.

The paper analyses taxation policy of the Soviet state in respect of religious organizations and priests in post-war years. It defines the sources and the major trend of anti-religious campaign in the period of “Krushchev’s thaw”. Unpublished archive materials serve as the basis for the study.

Novikov E.V., Ph.D. in Law, Professor, Chair of Theory and History of the State and Law, Belgorod University of Consumer Cooperatives

Subjects in Law Enforcement Activity. P. 405–414.

The paper examines the subjects participants of law enforcement activity, analyses their role and character of interrelations in the structures of systemic ties.

EDUCATION PROBLEMS

Zakharov V.M., Ph.D. in Sociology, Assistant Professor, Director of the Belgorod Institute of State and Municipal Governance (Affiliation) of ORAGS

Formation of the Professional Development System of the State and Municipal Agencies Personnel in Belgorod Region. P. 415–422.

The paper dwells on the professional personnel development system formation of the state and municipal service in Belgorod region.

Kevbrina O.B., Ph.D. in History, Assistant Professor, Head of the Chair of History and Theory of Cooperative Movement, Saransk Cooperative Institute

Multistage Form of Specialist Training (on the example of the Saransk Cooperative Institute, Centrosoyuz of Russian Federation). P. 423–429.

The paper analyses the stages of the development of multistage training of specialists (on the example of Saransk Cooperative Institute, Centrosoyuz of the Russian Federation) and dwell on the problems and prospects of cooperative education at present stage.

Kainina L.L., Ph.D. in Education, Assistant Professor, Head of the Chair of the Computer and Information Safety Systems Software, Kurgansky State University

Quality of Educational Impact. P. 430–435.

The paper examines the problems of quality assessment of educational process designing on the basis of semantic fields.

Zderev A.A., Deputy Post-Graduate Student, Belgorod University of Consumer Cooperatives

Higher Educational Institution Departments Interaction Model in Ensuring Academic Process Quality Management. P. 436–439.

The paper dwells on the questions of academic process management improvement and suggests the model of interaction among higher educational institution departments.

Konovalova I.N., Applicant of Ph.D. Degree in Pedagogics, Chair of Mathematical Analysis and Elementary Mathematics, Elets State University

Problems of Professional Direction in Mathematics Teaching to Students of Economic Departments in Higher Educational Institutions. P. 440–444.

The paper reveals functions and opportunities of mathematics in the formation of professionally oriented knowledge in students of economics, their abilities and individual personal qualities.
