Keywords: agricultural cooperatives, agro-industrial integration, agricultural production, demand and supply regulation, food security.

Matvejeva O.P., Ph.D. in Economics, Associate Professor, Head of the Chair of Customs Operations and Customs Control, Belgorod University of Cooperation, Economics and Law

Glagoleva N.N., Ph.D. in Economics, Associate Professor, Head of the Chair of Customs Management, Statistics and Economic Analysis, Belgorod University of Cooperation, Economics and Law

Kashina T.L., Senior Lecturer, Chair of Foreign Languages, Belgorod University of Cooperation, Economics and Law

Commodity Foreign Trade Revenues Improvement on the Basis of the Reasonable Choice of the Basic Price of the International Commercial Deal Item. P. 157–165.

The paper provides a comparative analysis of the commodity foreign trade turnover development, goods exports and imports, customs payments, reasons of debts before customs organs of the agents of foreign trade activities on the payment of customs payments; shows the multiplicity of exports and import prices as one of the factors, which makes it possible for customs organs to assume that the declared customs value of goods could be false.

Keywords: commodity foreign trade revenues, customs payments, basic price of international commercial deal, multiplicity of foreign trade prices.

Semenenko G.A., Ph.D. in Economics, Associate Professor, Head of the Chair of Theory and History of Cooperative Movement, Belgorod University of Cooperation, Economics and Law

Chuikova V.M., Ph.D. in Economics, Associate Professor, Chair of Theory and History of Cooperative Movement, Belgorod University of Cooperation, Economics and Law

Dzyuba V.V., Associate Professor, Chair of Theory and History of Cooperative Movement, Belgorod University of Cooperation, Economics and Law

Stable Sales Market as a Factor of Consumer Cooperation Development. P. 166–170.

The paper throws light on historical aspects of the development of procurement activity of Russian consumer cooperation; shows long experience of consumer cooperative activities on the procurement of agricultural produce and raw materials, the realization of which in modern conditions could ensure stable sales market for rural population of regions.

Keywords: consumer cooperation, purchases of agricultural produce, procurement activities.

Shekhovtsov V.V., Ph.D. in Economics, Associate Professor, Head of the Chair of Finance and Customs Revenues, Belgorod University of Cooperation, Economics and Law

Ponkratov I.N., Ph.D. in Economics, Associate Professor, Chair of Finance and Customs Revenues, Belgorod University of Cooperation, Economics and Law

Vasiliev K.A., Ph.D. in Economics, Associate Professor, Head of the Chair of Finance and Credit, Kemerovo State Agricultural University

Social Investments Economic Efficiency Determination Methodical Aspects. P. 171–175.

The paper studies social investments and mechanism of their influence on the efficiency of national economy functioning.

Keywords: investments, social investments, investments efficiency, economic growth.

Gasho I.A., Ph.D. in Economics, Associate Professor, Chair of Economics, Belgorod University of Cooperation, Economics and Law

Iovleva O.V., Ph.D. in Economics, Associate Professor, Chair of Economics, Belgorod University of Cooperation, Economics and Law

Company's Economic Potential Management to Improve the Efficiency of its Usage. P. 176–180.

The paper studies the essence of economic potential, its structure, management of its components and directions for the improvement of the said potential usage.

Keywords: economic potential, usage efficiency, management.

Dorokhova Yu.V., Ph.D. Economics, Associate Professor, Chair of Economic, Belgorod University of Cooperation, Economics and Law

On the Question of the Theory, Mission and Practice of Russian Consumer Cooperation Activities. P. 181–192.

The business practice of the recent years shows that simultaneous carrying out of economic and social functions for the consumer cooperation is impossible without considerable state support of its social activities. Alongside with this the policy of social functions carrying out of consumer cooperation should be obligatory linked with the financial results of the activity and build it only on their basis. It's high time for the revision of the foundations of the consumer cooperation theory and the corresponding laws, otherwise already in the near future due to economic reasons there will be no one to carry out consumer cooperation mission.

Keywords: state support measures, mission, income, losses, aggregate capital, profitability, insolvency, consumer cooperation system, business practices, social functions.

Dotsenko A.N., Ph.D. Economics, Associate Professor, Chair of Economic, Belgorod University of Cooperation, Economics and Law

Modern Situation in the Belgorod Oblast Consumer Cooperation Trade and Prospects of its Development. P. 193–200.

The paper studies the importance and modern situation of the Belgorod Oblast consumer cooperation trade branch, advantages and specificity of cooperative trade, reserves for the growth of trade volumes and directions of the development of retail trade in consumer cooperatives of the Belgorod Oblast.

Keywords: trade, consumer cooperation, retail trade turnover, sales volume, commodity stock, efficiency, competitiveness, profitability.

Igolkina V.V., Ph.D. in Economics, Associate Professor, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Zalevskaya N.A., Ph.D. in Economics, Associate Professor, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Actuality of Cross-Referencing of Accounting Balance Indicators with Other Forms of Reporting. P. 201–204.

The paper reflects one of the most urgent questions connected with the cross-referencing of accounting balance indicators with other forms of reporting.

Keywords: accounting balance, reporting, reporting indicators.

Prushkovskaya E.E., Ph.D. in Economics, Associate Professor, Chair of Customs Operations and Customs Control, Belgorod University of Cooperation, Economics and Law

Chueva I.I., Ph.D. in Economics, Associate Professor, Chair of Customs Operations and Customs Control, Belgorod University of Cooperation, Economics and Law

Improvement of Foreign Economic Ties of the JSC "Stoilensky GOK". P. 205–209.

The paper studies the questions concerning the situation with economic ties of the JSC “Stoilensky GOK”, calculation of the export-import operations efficiency and possible ways for the efficiency improvement.

Keywords: foreign economic ties, export, import, export and import efficiency, Ruble revenues, Ruble equivalent, export volume.

Yakovleva L.R., Ph.D. in Economics, Associate Professor, Chair of Marketing and Management, Belgorod University of Cooperation, Economics and Law

Odnoral N.A., Ph.D. in Economics, Associate Professor, Chair of Marketing and Management, Belgorod University of Cooperation, Economics and Law

Methodological Aspects of Organization’s Innovative Behavior Problems. P. 210–216.

The paper studies innovative “behavior” as a form of the organizational behavior, which is of socio-economic nature. Ponkratov I.N., Ph.D. in Economics, Associate Professor, Chair of Finance and Customs Revenues, Belgorod University of Cooperation, Economics and Law

Ranga O.V., Senior Lecturer, Chair of Finance and Customs Revenues, Belgorod University of Cooperation, Economics and Law

Russian Micro Financial Organizations’ Market Realities: Trends and Prospects. P. 217–222.

The paper studies the main trends and prospects of the development of the Russian micro financial organizations’ market in the light of the recent changes in the normative and legal base as well as in the conditions of the changed macro-economic situation in this country.

Keywords: micro financial organizations, micro loan, micro loan portfolio, credit, overdue debt.

Kachan N.A., Senior Lecturer, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Shumskaya L.I., Ph.D. in Economics, Associate Professor, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Trade Acquiring Operations Recording Peculiarities in Retail Trade Companies. P. 223–225.

The paper shows the role of acquiring in settlements through plastic cards in trade organizations; reflects the peculiarities of acquiring operations recording by a trade company and substantiates the application of trade acquiring as mutually beneficial activity for trade companies and banks.

Keywords: accounting, trade acquiring, bank acquirer, payment card, retail trade.

Grebenik L.G., Ph.D. in Economics, Associate Professor, Chair of Marketing and Management, Belgorod University of Cooperation, Economics and Law

Skipchenko T.L., Ph.D. in Economics, Associate Professor, Chair of Marketing and Management, Belgorod University of Cooperation, Economics and Law

Dyachkova E.N., Ph.D. in Economics, Senior Lecturer, Chair of Marketing and Management, Belgorod University of Cooperation, Economics and Law

Social and Personnel Component Analysis in the System of State and Municipal Governance. P. 226–234.

The paper studies the essence of the state personnel policy, structure of local self-governance organs and analyzes the activity of the Stary Oskol Town District Administration.

Keywords: state and municipal governance system, state personnel policy.

Zhuravleva N.V., Ph.D. in Economics, Associate Professor, Chair of Customs Management, Statistics and Economic Analysis, Belgorod University of Cooperation, Economics and Law

Ustinova E.M., Ph.D. in Economics, Associate Professor, Chair of Customs Management, Statistics and Economic Analysis, Belgorod University of Cooperation, Economics and Law

Boltenkov A.N., Ph.D. in Economics, Associate Professor, Chair of Customs Management, Statistics and Economic Analysis, Belgorod University of Cooperation, Economics and Law

Modern Status of Russian Financial Situation Analysis, Problems and Prospects. P. 235–239.

The paper provides the review of the problems and peculiarities of domestic analytical practice of financial situation assessment and possible ways for analysis development.

Keywords: financial analysis, financial situation analysis, coefficients' standard value.

Zhukovina O.A., Senior Lecturer, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Kotelnikova O.P., Ph.D. in Economics, Associate Professor, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Shein R.V., Associate Professor, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Shchepochkina N.A., Ph.D. in Economics, Associate Professor, Chair of Accounting, Belgorod University of Cooperation, Economics and Law

Peculiarities of Recording in Accounting of Operations on Financial Rent (Leasing) Contract. P. 240–250.

The paper studies a number of problems, dedicated to the recording in accounting of operations on financial lease contract; provides recommendations on entering the corresponding information in tax declaration on profit tax.

Key words: financial lease, lease payments, initial value of lease subject, amortization with the aim of accounting and tax recording, costs, recorded with profit taxation, deferred tax liability.

Kostin A.A., Ph.D. in Economics, Associate Professor, Chair of Customs Operations and Customs Control, Belgorod University of Cooperation, Economics and Law

Podoima L.Yu., Assistant, Chair of Tactical and Special Training, Belgorod Law Institute, Russian Federation Ministry of Interior

Integral Approach to the Development of Customs Risks Management System in the Framework of Eurasian Economic Union. P. 251–259.

The paper suggests the integral approach to the development of risks management system in the framework of the emerging Eurasian Economic Union, which includes a number of measures enabling the removal of barriers on the road to the creation of the united system of risks management for the countries members of the said Union.

Keywords: risks management, customs control, customs control principles, foreign trade activity participant, authorized economic operator, Customs Union.

Sklyarenko I.A., Ph.D. in Economics, Associate Professor, Chair of Finance and Customs Revenues, Belgorod University of Cooperation, Economics and Law

Main Criteria of Riskology as Science. P. 260–263.

In the current economic conditions the need in the development of riskology as the science of risk is becoming ever more important as, in fact, any activity is connected with a risk. At this point it is reasonable to state that risk is always present where there is activity.

Keywords: riskology, risk management, risk, decision, risk management.

Trishchenko D.A., Ph.D. in Philosophy, Associate Professor, Chair of Commerce Activity and Advertising, Belgorod University of Cooperation, Economics and Law

Context Influence of Outdoor Advertising Perception. P. 264–268.

The paper studies the role of context in perception by audiences of outdoor advertising objects; determines its specific peculiarities in comparison with other communication channels and substantiates the possibility of inclusion of context signs in advertising message to target audience.

Keywords: outdoor advertising semiotics, text and context differentiation, outdoor advertising intertextuality, coding, decoding.

Polishchuk O.N., Ph.D. in Geography, Associate Professor, Chair of Natural Sciences, Belgorod University of Cooperation, Economics and Law

Role of Water Resources in the Solution of the Belgorod Oblast Socio-Economic Objectives. P. 269–276.

Questions of the rational usage of economic resources occupy a special place in economic life of the society. A special attention is given to water resources, which at present ensure satisfaction of different demands of the society. The paper studies ecological challenges of water resources usage and the ways of their solution for the innovative development of the Belgorod Oblast.

Keywords: economic resources, water resources, water supply of the region, situation with water resources, nature protection measures, innovative development of the region.

Chicherin Yu.A., Ph.D. in Economics, Associate Professor, Chair of Marketing and Management, Belgorod University of Cooperation, Economics and Law

Turjan Yu.R., Post-Graduate Student, Chair of Marketing and Advertising, Rostov State University of Economics

Evolution of Approaches to Scientific Perception of Consumer Behavior and its Functional Importance in Marketing. P. 277–282.

The paper provides the genesis of scientific viewpoints on consumer behavior taking into account chronological frameworks of the behavioral science development; defines the stages of the theory of behavior development, concretizes the essence and provides the foundation of consumer behavior.

Keywords: marketing consumer behavior, consumption theory, marketing complex, marketing instruments, marketing in interrelations, consumption process.

Nemykin D.N., Ph.D. in Economics, Associate Professor, Chair of Marketing and Management, Belgorod University of Cooperation, Economics and Law

Tarasova K.V., Post-Graduate Student, Belgorod University of Cooperation, Economics and Law

Market Segmentation Process Modeling: Information Aspect. P. 283–288.

The paper dwells on the main components of the market segmentation process; analyzes the scheme of the organization's market segmentation process modelling and suggests the directions of the said measures efficiency improvement.

Keywords: segmentation process modeling, marketing decision, marketing activity, image and graphic criterion.

Aleksandrov V.V., Ph.D. in Science, Associate Professor, Chair of Organization and Technology of Information Protection, Belgorod University of Cooperation, Economics and Law

Maliy Yu.V., Ph.D. in Economics, Associate Professor, Chair of Organization and Technology of Information Protection, Belgorod University of Cooperation, Economics and Law

Bank of Russia Standard Change on Information Security Assurance of Russian Federation Banking System Organizations. P. 289–292.

The paper dwells on the necessity of applying Bank of Russia standard on ensuring information security of the Russian Federation banking system organizations; provides the technique of the assessment of the correspondence of the said organizations' information security and demonstrates the application of the software complex "Bank Security Assessment tool" to conduct the assessment of the correspondence of the bank of Russia standard requirements.

Keywords: banking system, threat to information, information security.

Shevtsova N.V., Ph.D. in Economics, Senior Lecturer, Chair of Finance and Customs Revenues, Belgorod University of Cooperation, Economics and Law

Poberezhnaya I.Yu., Ph.D. in Law, Associate Professor, Chair of Civil Law and Process, Belgorod University of Cooperation, Economics and Law

Shandakova N.N., Senior Lecturer, Chair of Finance and Customs Revenues, Belgorod University of Cooperation, Economics and Law

Russian Reinsurance Market: Legal and Financial Guidelines. P. 293–302.

The paper studies urgent problems of modern legal regulation and a financial component of Russian reinsurance market. The authors draw the attention to the influence of world and domestic financial crises of the last decade on the development of the said market. On the basis of the critical review of the Russian reinsurance market key indicators in 2005-2014 they reveal its main opportunities and risks. It made it possible for the authors to formulate a number of recommendations to improve the regulation of Russian reinsurance market and suggest the directions for the improvement of its financial component.

Keywords: insurance, law on "Organization of reinsurance business in the Russian Federation", reinsurance, Russian reinsurance market, reinsurance legal regulation, reinsurance forms, insurance premiums for reinsurance, insurance payments for reinsurance, Russian reinsurance market development problems.

Pertsev V.N., Ph.D. in Economics, Head of Rakityansky District Administration

Regional Agro-Industrial Complex Development Sustainability Improvement on the Basis of Land Cultivation Biologization. P. 303–308.

The paper provides the results of the functioning of the Rakityansky District agricultural sector during 2010-2014 and the factors of its development; formulates the conditions and studies the prerequisites for the introduction of the biologization elements of land cultivation in the agricultural production of the district with the following directions of biologization: application of biological fertilizers, increase of the accumulation of biological nitrogen, prevention of soil erosion development, formation of positive balance of organic substance, introduction of soil protection treatments.

Keywords: agricultural production, biologization of land cultivation, gross municipal product, chalking, crop farming, profitability, fertilizers, crop yield.

Klevtsova M.G., Ph.D. in Economics, Associate Professor, Chair of Regional Economy and Management, South-Eastern State University

Klevtsov S.M., Head of the Chair of Socio-Humanitarian and Juridical Disciplines, Kursk Institute of Cooperation (Affiliate), Belgorod University of Cooperation, Economics and Law

Company's Portfolio Strategy Assessment "Merger-Takeover" in the Conditions of Competitive Market. P. 309–313.

(the study is being carried out in the frameworks of the state task in the sphere of research activities #26.2671.2014 “Theoretical and methodological foundations of the development and implementation of the cluster policy at the regional level and methodological substantiation of progressive structural transformations instruments of the regional socio-economic system”).

The paper provides the analysis and study of companies’ strategy while carrying out the measures on companies’ merger and assesses companies’ market value on the basis of different techniques.

Keywords: strategy, merger, takeover, company, competition.

Voronova M.A., Senior Lecturer, Chair of Accounting, Audit and Finance, Voronezh Institute of Cooperation (Affiliate), Belgorod University of Cooperation, Economics and Law

Khorokhordin D.N., Ph.D. in Economics, Associate Professor, Chair of Accounting, Audit and Finance, Voronezh Institute of Cooperation (Affiliate), Belgorod University of Cooperation, Economics and Law

Assessment of Expenses Efficiency for Preparation of New Goods Production. P. 314–319.

In the concrete market situation the price policy of a company is not more than determination and maintenance of the optimal levels of output structure and interconnection of products prices in the frameworks of company’s assortment and a concrete market. Due to the above mentioned each company should objectively assess the efficiency of expenses for the preparation of new goods production.

Keywords: expenses efficiency, production preparation, useful effect unit.

Petrachkova Yu.L., Ph.D. in Economics, Assistant Professor, Kursk Institute of Cooperation (Affiliate), Belgorod University of Cooperation, Economics and Law

Program and Target Planning of Agriculture as the Way to Reach Regional Food Security. P. 320–322.

Lishchuk E.N., Ph.D. in Economics, Associate Professor, Sibirsky University of Consumer Cooperatives

Managerial Auditing and Consulting Quality Assessment. P. 349–356.

Reforms of audit in Russia are being carried out with difficulty and very often controversially. The independence of organizations engaged in audit is objectively growing as a subject of financial control. The subjects of business activities started to ever more often address specialists for consulting on various questions. Modern market strongly demands competent and qualitative consulting and audit. The purpose of the paper is to summarize theoretical concepts and develop organizational and methodological questions connected with the assessment of the quality of managerial auditing and consulting. With the transition to self-regulated model of auditing the role of self-regulated auditors is considerably growing in the organization and methodological assurance of audit quality control.

Keywords: managerial audit, consulting, management oriented audit, audit activities, services quality assessment.

Pantyukhina S.A., Ph.D. in Economics, Associate Professor, University of Management, TISBI
